### **Suggestions/comments regarding curriculum**

“Need to be more concise and analytical.”

“Content should be less but in depth.”

“Must include innovative idea creator courses like DTP, Translation etc.”

“Exposure visits to different industries (textile, food production) may be included in the curriculum to acquire realistic knowledge.”

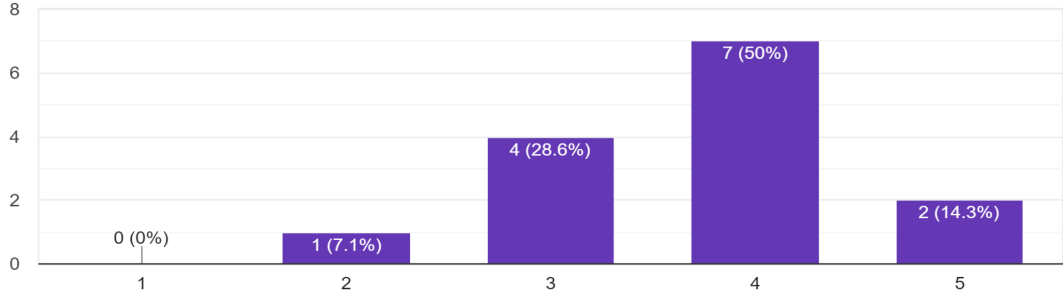

“Syllabus should be concise. It should incorporate the economy of Assam.”

“Should be practical based.”

“1. Research and research methodology is very significant in higher education. In my concerned subject research project also included. That is good, but in case of methodology only three ways / methods are included. These methods are outdated and 'analytical method' which is included in the syllabus is a controversial issue, whether it is a separate method or not. No any quality reference book in Assamese language is available in this regard. 2. In case of linguistic and literature theory this syllabus is not so updated. No any contemporary theory is included in the syllabus. 3. In case of FYUGP 1st semester syllabus my personal opinion is though it is mandatory to include three major arenas of the subject i.e. language, literature and culture of the indigenous people but 1st semester should start with literature. Because this arena is comparatively easy to understand. But FYUGP syllabus is started with language part. That is comparatively difficult among these three arenas.”

Nowadays our college is an 'ideal location' for many competitive exams. Guardians of students, many visitors also visit the college regularly. ### **Suggestions/Comments**

“Home science is a pretty good subject. It helps us a lot in our daily work. From all the education needed to fulfill all the responsibilities of a household, it contains all the necessary information from birth to death. I have benefited a lot from reading this topic.”

“The syllabus is very much helpful for the further studies in English literature as it introduces to various new genres. Overall, the way the teachers teach us is highly satisfactory as it shows the path to the students in what direction they should approach a text.”

“Enjoyed the whole 3years of journey.”

“The teachers are more sensitive. They help us for each and every problem. Not only when we studied there but also now. They help us to our study as well as guide us for our future like our parents. I always thankful for it. They thought us the what is actually the economics and it's relevance. They also provided us material, even if we were unable to collect it.”

“তিনিবছৰ পঢ়ি বহুত অভিগতা লাভ কৰিলো ।”

“Need to develop our syllabus.”

“I have been benefited by the syllabus.”

“Our Teachers are very good They are hardworking person, they always inspire us and they are the real friend philosopher and guide for the students.”

“The syllabus is very relevant to competitive exams like M.A. entrance exams and NET. The teaching methods are of student centric. Should include courses from Swayam and other online platforms.”

“সেই বিদ্যালয়ত পঢ়াৰ ব্যৱস্থা বহুতো আকৰ্ষণীয় আছিল আৰু পৰিবেশখন পঢ়াৰ বাবে উপযোগী ।”

“We should have more classes on digital classroom.”

“Must include cultural thing.”

“The syllabus was satisfactory but it can explore more so that for further studies in the subject, students can compete with other state universities' students.”

“We want linguistic lab.”

“It could have included more forms/parts of literature. Otherwise it was good.”

“It helped me a lot in shaping my future.”

“The department should focus on skilled based training where a student learn skill development programme and also can enhance their skills.”

“It's good enough to enable the students to ensure fulfilment of real life needs.”

“The institutions and the department teachers treat the students with outmost care and help with anything they need regardless of time and place.”

“Unlike the new and updated syllabus under CBCS, the old syllabus dealt with the basic concepts and hence, it was helpful in understanding the core content of the subject.”

“More career oriented is required in under grad courses irrespective of the major subjects.

“Very difficult syllabus to cover within 6month.”
